

PIPEHUNTER

3-YARD COMBINATION TRUCK

- 3-YARD COMBINATION CLEANER
- NO CDL REQUIRED
- MUNICIPALITY AND CONTRACTOR-DUTY RATED

1.800.373.1318 • PIPEHUNTER.COM

A white commercial truck equipped with a large white cylindrical tank, a dual cyclone separator, and a direct drive water pump. The truck is labeled 'PIPEHUNTER COMBO' on its side. Red callout boxes point to specific features: 'Integrated Stainless Steel Water/Debris Tank', 'Dual Cyclone Separator', and 'Direct Drive Water Pump (25 up to 50 GPM)'.

Integrated Stainless Steel Water/Debris Tank

Dual Cyclone Separator

Direct Drive Water Pump (25 up to 50 GPM)

READY TO SOLVE INFRASTRUCTURE ISSUES, IT'S BETTER THAN BIG

Capable of handling almost anything your city that throw at it, the 3-Yard combination jet/vac truck can get it done. Developed over several iterations with countless improvements from trials in the field.

Bigger Than You Think

We surveyed cities across the US, your crew dumps less than you think. We built this for everyone. This truck is sized for municipal task, for cities of all sizes.

No CDL Required

Get past this requirement that slows crews down waiting on a driver to finish up school. Get in the field and start knocking work orders out.

More Agility

The turning radius and short wheel base allows this truck to be very agile in urban environments. No more 4 point turns due to tight alleyways and crowded streets. Get to the problem faster with PipeHunter.

Powerful Water System

Don't settle for a weak water system that can't clean mainlines. Get a proper system with plenty of power so you can fix stoppages quick.

PIPEHUNTER

Applications

- Hydro-Excavation
- Production Mainline Cleaning
- Lateral Line Cleaning
- Stoppage & Blockage Resolution
- Jobsite Cleanup
- Roots & Grease Resolution
- Catch Basin Cleaning
- Stormwater Maintenance Tasks
- Wastewater Maintenance Tasks

Non-CDL Chassis (26,000 GVWR)

Extendable Articulating Boom
w- 180 Degree Articulation

Water Level Display System

Full-Time Live Hydraulics,
No Engagement Needed

Hydraulic Reel Payout & Articulating

3,300 CFM Positive Displacement Blower

Chassis & Body Features

- Non-CDL Chassis (26,000 GVWR)
- Storage Trays
- PipeHunter Urethane Polymer Coating with Multiple Color Options
- Custom Safety & Area Lighting
- 180° Hydraulic Driven Front Reel Articulation

Water System Features

- 600 Gallon Stainless Steel Water Tank
- Direct-Drive Giant Triplex Water Pump
